

## ***CULTURAL DIVERSITY: FOUNDATIONS, FRAMEWORKS AND PRACTICES Blended Intensive Programme***

**for Senior students and  
1<sup>st</sup> year LINGUE E LETTERATURE EUROPEE E AMERICANE students**

**Description:** At the basis of the BIP, there will be the idea that cultural diversity is an asset, a resource. BIP participants will have the opportunity to come into contact with theories, tools and practical examples concerning educational and policy approaches to culturally diverse contexts. The programme aims to foster self-awareness about cultural processes, cultural identity and diversity starting from personal experiences and by using an autobiographical approach. The programme will also discuss dialogical, transformative and intercultural pedagogies, and space will be devoted to linguistic diversity, reflecting on the impact of migration on multiple language repertoires around the world. Students from four European universities will participate in the activities.
