Study plan: tips and info - a.y. 2023/2024

► Exams

A green arrow points from the left towards the 'Study plan' section of the sidebar menu.

Each student must fill in the **Study Plan**, i.e a document showing the list of educational activities which the student intends to pursue (mandatory and optional ones) to reach the 180 ECTS credits needed to obtain a bachelor degree or the 120 credits needed to obtain a master degree.

Every year, study plans can be filled in from October till July. Students can make amendments to their study plan (even several times). The Study Plan must be filled in before registering for the exams.

Once the degree application has been submitted on Uniweb, the study plan can NOT be modified.

Further details on the Study Plan are available on the following [guide](#).

DEADLINE for the a.y. 24/25: 31 September 2025

If you click and take a look to the guide you'll find instructions on how to organize your **12** free-choice credits (“a scelta dello studente”).

Stage: check on Moodle

A.A. 2024 - 2025 / Corsi di laurea magistrale / STRATEGIE DI COMUNICAZIONE / CURRICULUM: COMMUNICATION STRATEGIES - HOME PAGE 2024/25 / Stage

The Master's degree programme in Communication Strategies includes 3 different internships:

- **STAGE 1:** 6 CFU Mandatory internship (150 hours)

- **STAGE 2 and 3:** Mandatory internships of 3 CFUs (75 hours each): **mandatory for 2022/2023 and earlier cohorts only**. It is recommended to use them (internship 2 and internship 3) to deepen the experience started with internship 1.

In order to select and implement an internship, the following steps must be followed (we strongly recommend to read the instructions **CAREFULLY** before asking any questions to the [Career Service Office](#) or the Internship contact person because all the information present here will not be repeated):

1. Thinking about the internship

2. How to seek and activate the internship

Final thesis / project (24 cfu)

In order to finish your MA you must work on your final project and write a paper on a specific topic.

You can contact one of your lecturers and start working on a topic you are interested in.

It would be good to choose a thesis project that is coherent with your interests and that focuses on the areas in which you would like to continue your studies in the future.

A LITTLE TIP FOR YOU:

Choose your free-choice credits exams following your interests and the field you want to deepen in your final thesis.

More helpful information:

The courses that you can take can be offered in the first or in the second semester. You have to check (in the didattica page we have seen earlier) if the classes that you are interested in are offered in the first or in the second semester and organise your study plan according to the semesters in which classes are offered.

In order to sign up for an exam you have to insert the activity in your Study plan!

We suggest to fill the Study Plan before the following exam period (SESSIONE)

(the period of exams in January/February), doing so you will be able to sign up for your exams without problems.
