# What is a Study Plan?

# Definition of Study Plan

The **Study Plan** is the complete list of educational activities required to graduate. Each degree programme includes a number of educational activities such as exams, laboratories, course units, workshops, internships, thesis or other activities.

Some educational activities are **compulsory**, others are **optional** (choosing between) or **electives** (free choice).

Filling in your Study Plan is **mandatory**!

\*Please be aware that you **cannot** take an exam if you have not submitted your study plan!

# Credits of a Study Plan

The Study Plan is the complete set of educational activities you must carry out in order to earn the **credits (CFU)** required to graduate:

Master's degree: 120 CFU

# Who needs to submit the Study Plan

- The Study Plan must be filled out for **both academic years**
- Students should submit the Study Plan within the window defined by the Department Regulation, set for each academic year (always check the [Moodle page!](#))
- Students can re-submit it if they would like to modify some activities, between the **deadlines** set for each academic year.

**IMPORTANT: students cannot sit an exam if the course is not included in your study plan before the exam session!**

# When to present the Study Plan

The **time window** for presenting the Study Plan for the 2025/26 academic year has been set from the **1st of October 2025** to the **15th of July 2026**.

The Study Plan must be filled in and presented via [UNIWEB](#), which is accessed using your **University institutional credentials** (username and password).

# Types of Study Plan: automatically approved

The ASCH Study Plan is:

- **NOT automatically approved/accepted**

Once confirmed by the student, the study plan must be **approved by the coordinator of the programme**

The Study Plan, once confirmed by the student, needs some time to be officially approved. Remember to submit it on time!

# Booklet vs Study Plan

The Booklet may be **more comprehensive** than the Study Plan, as it includes all the exams listed in the Study Plan, as well as any **surplus exams** (“*esami soprannumerari*”) that **do not count** towards degree credits, GPA, or the final grade.

An exam can be removed from the Study Plan but still remain in the Booklet.

If you want to include surplus exams to your booklet you must follow a **specific procedure**, please consult the dedicated [UNIPD webpage](#).

## Step 1. Access on Uniweb

Open the [Home Page](#) of Uniweb

Click on “**Login**”

Enter your credentials

The screenshot shows the top section of the Uniweb website. It features a dark red header with the University of Padua logo and name on the left, the 'Uniweb' logo in the center, and a small image of the university's architecture on the right. Below the header, there is a navigation menu with a dark background and white text. The menu items are: 'My personal area' (with sub-items: Registration, Login, Forgotten password), 'Didactics', 'Exams', and 'Companies Area'. The 'Login' option is highlighted in red.

The screenshot shows the login page of the Uniweb system. It features the 'SSO' logo on the left and the University of Padua logo on the right. The page title is 'IDP UNIPD - SINGLE SIGN ON'. There are two input fields: 'Nome utente' (Username) with the value 'mario.rossi' and 'Password'. Below the password field is an 'Accedi' (Login) button. There are also links for '@unipd.it' and '@studenti.unipd.it'. At the bottom, there is a link for 'Hai bisogno d'aiuto?' (Need help?).

In this page you can complete your study plan when the procedure is open for your degree course. If you have just completed your study plan, please click on “Confirm study plan” at the end of this page. If you have a statutory study plan (completed by the student office), you do not need to submit it to the registrar office. If you are an exchange student or your study plan refers to a Specialisation School (Post Lauream), you do not need to print it nor to send a copy since the relevant office will automatically acquire it.
