STUDY PLAN GUIDELINES

Applied Sciences to Cultural Heritage, Materials and sites
2026/27 academic year

International Desk @ Unipd

UNIVERSITÀ
DI PADOVA

What is a Study Plan

DEFINITION OF STUDY PLAN

The **study plan** is the complete list of educational activities required to graduate. Each degree programme includes a number of educational activities such as exams, laboratories, course units, workshops, internships, thesis or other activities.

Some educational activities are **compulsory**, others are **optional** (choosing between) or **electives (free choice)**.

Filling out your study plan is **mandatory!**

*Please be aware that you **cannot** take an exam if you have not submitted your study plan!

CREDITS OF A STUDY PLAN

The study plan is the complete set of educational activities you must carry out in order to earn the **credits (CFU/ECTS)** required to graduate:

Master's degree: 120 CFU/ECTS

WHO NEEDS TO SUBMIT THE STUDY PLAN

- The Study Plan must be filled out for **both academic years**

- Students should submit the Study Plan within the window defined by the Department Regulation, set for each academic year (always check the **Moodle page**!)

- Students can re-submit it if they would like to modify some activities, between the **deadlines** set for each academic year.

IMPORTANT: students cannot sit an exam if the course is not included in your study plan before the exam session!

WHEN TO PRESENT THE STUDY PLAN

The **time window** for presenting the Study Plan for the 2026/27 academic year has been set from the **3rd of October 2026** to the **15th of July 2027**.

The Study Plan must be filled in and presented via **UNIWEB**, which is accessed using your **University institutional credentials** (username and password).

TYPES OF STUDY PLAN

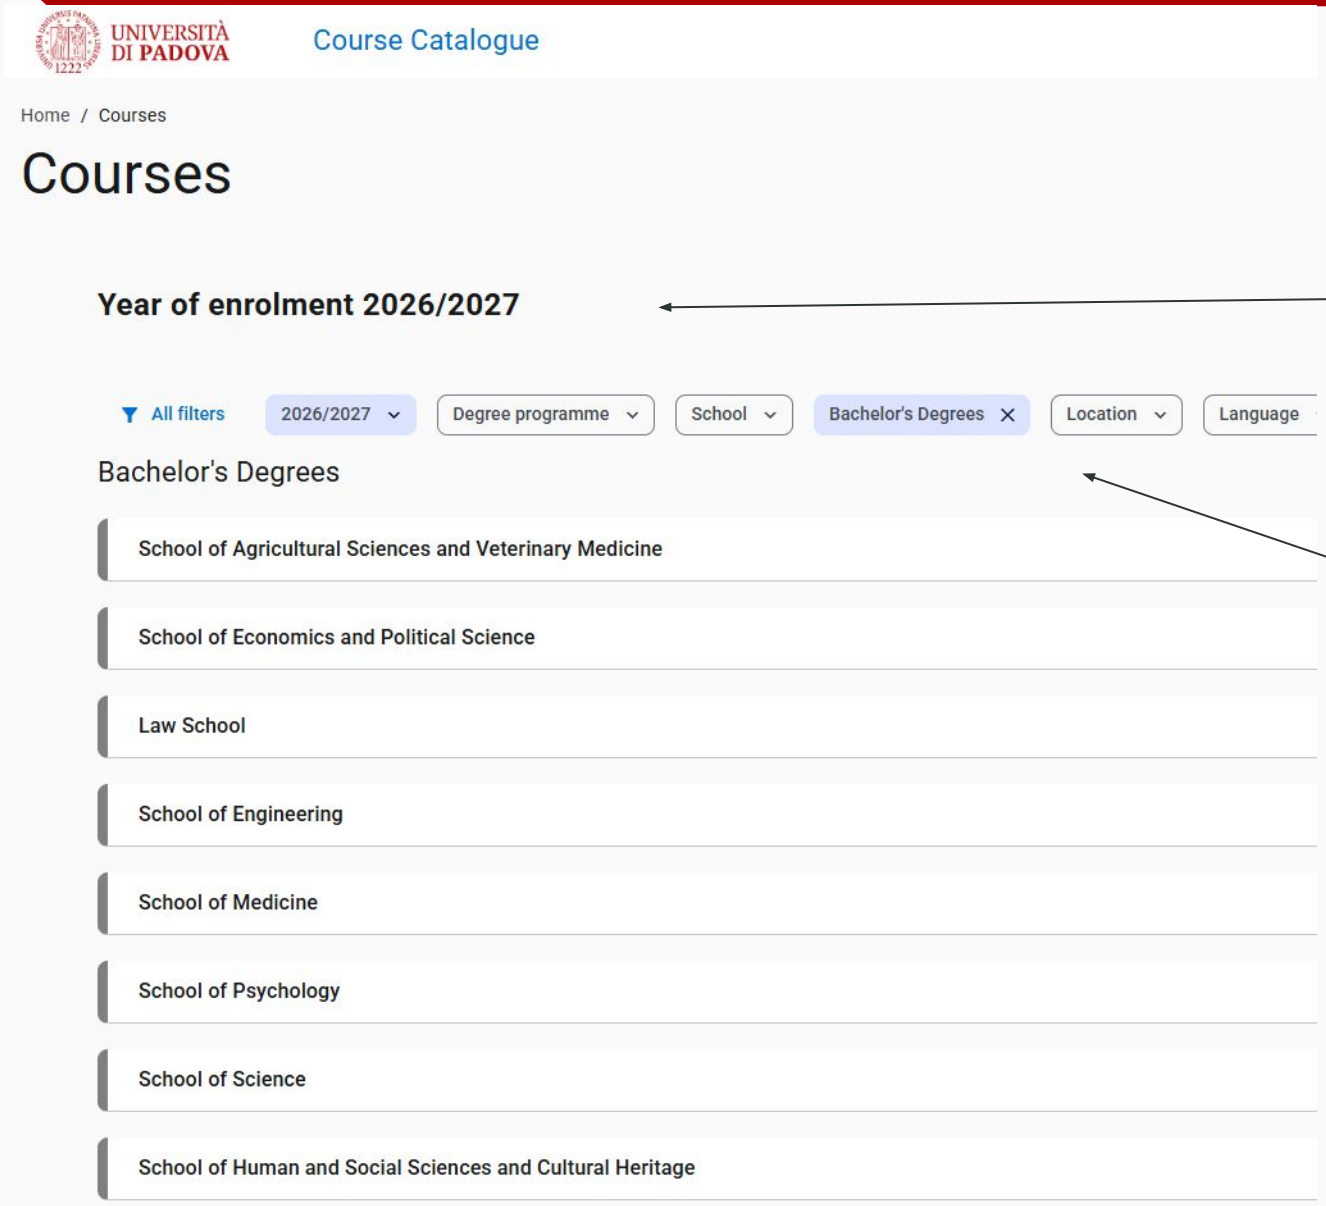

The ASCH Study Plan is:

- **NOT automatically approved/accepted**

Once confirmed by the student, the study plan must be **approved by the coordinator of the programme**

*The Study Plan, once confirmed by the student, needs some time to be officially approved. Remember to submit it on time!

*Check carefully the language of the chosen exam (eg. free choice)

FIND THE YEAR OF YOUR FIRST ENROLMENT

FIND YOUR DEGREE TYPE (Master's Degree)

FIND OUR SCHOOL

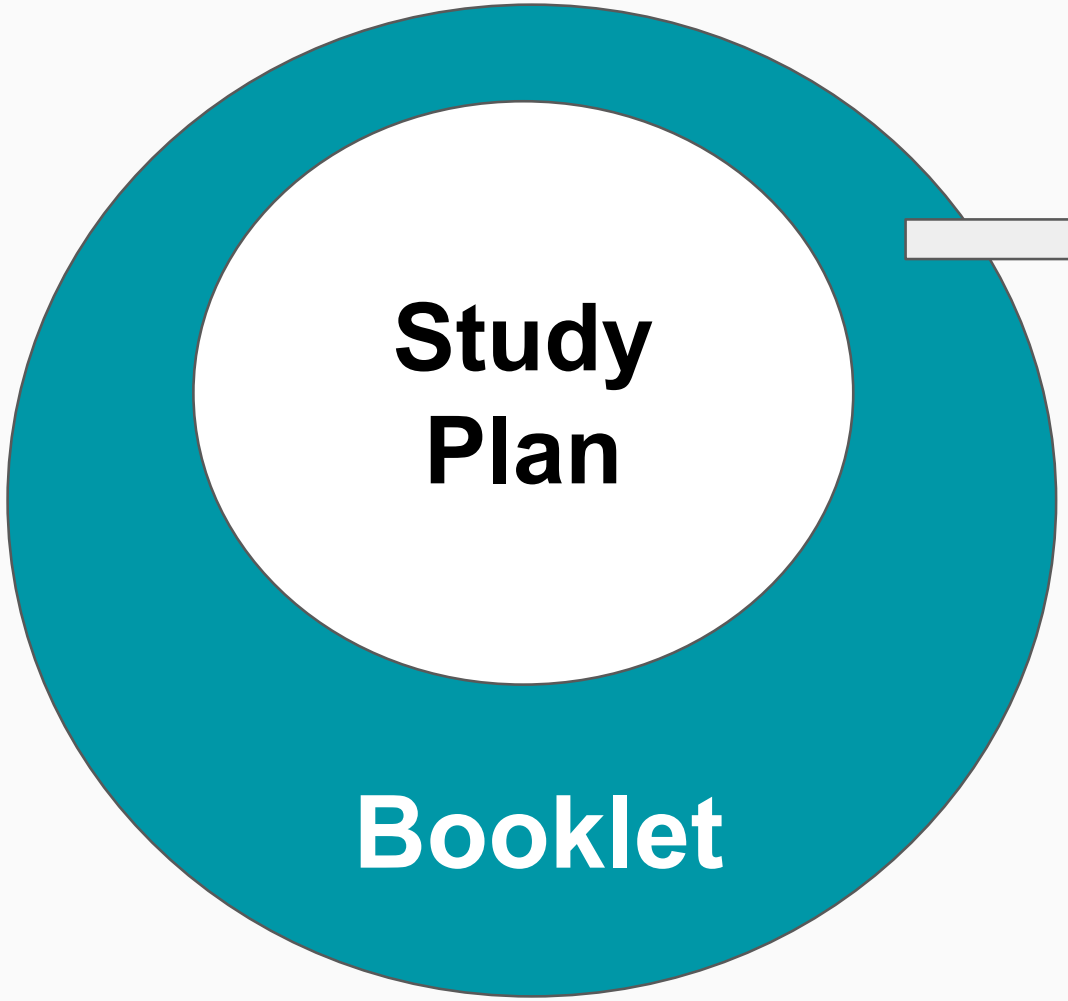

1. Find your programme

2. Open this section

3. Check Annex 2

BOOKLET VS STUDY PLAN

The Booklet may be **more comprehensive** than the Study Plan, as it includes all the exams listed in the Study Plan, as well as any **extra examination** (“esami soprannumerari”) that **do not count** towards degree credits, GPA, or the final grade.

An exam can be removed from the Study Plan but still remain in the Booklet.

If you want to include surplus exams to your booklet you must follow a **specific procedure**, please consult the dedicated **UNIPD webpage**

UNIVERSITÀ
DI PADOVA

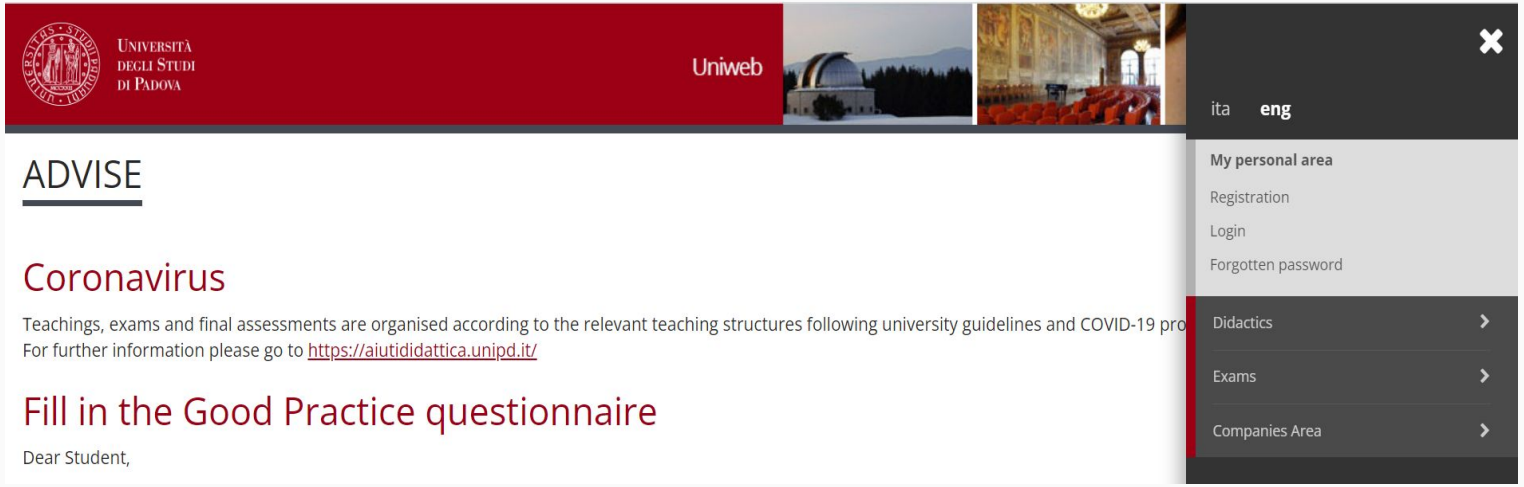

How to fill in the Study Plan

Step 1. Access on Uniweb

Open the **Home Page** of Uniweb

Click on **“Login”**

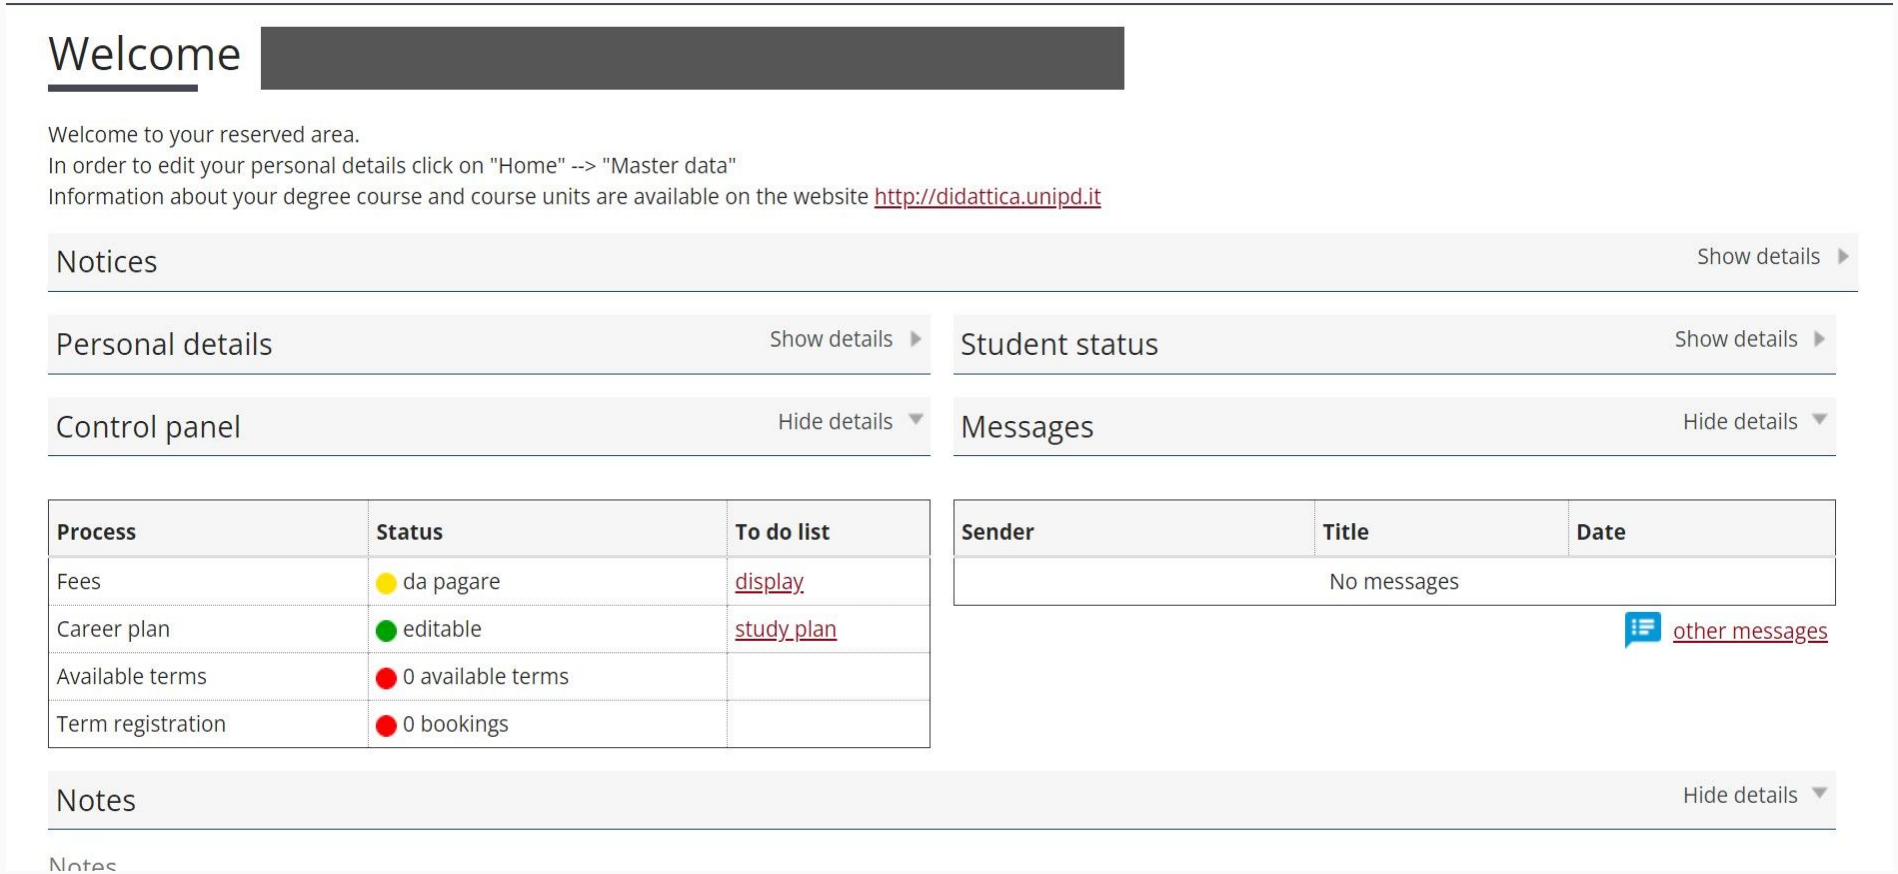

Enter your credentials

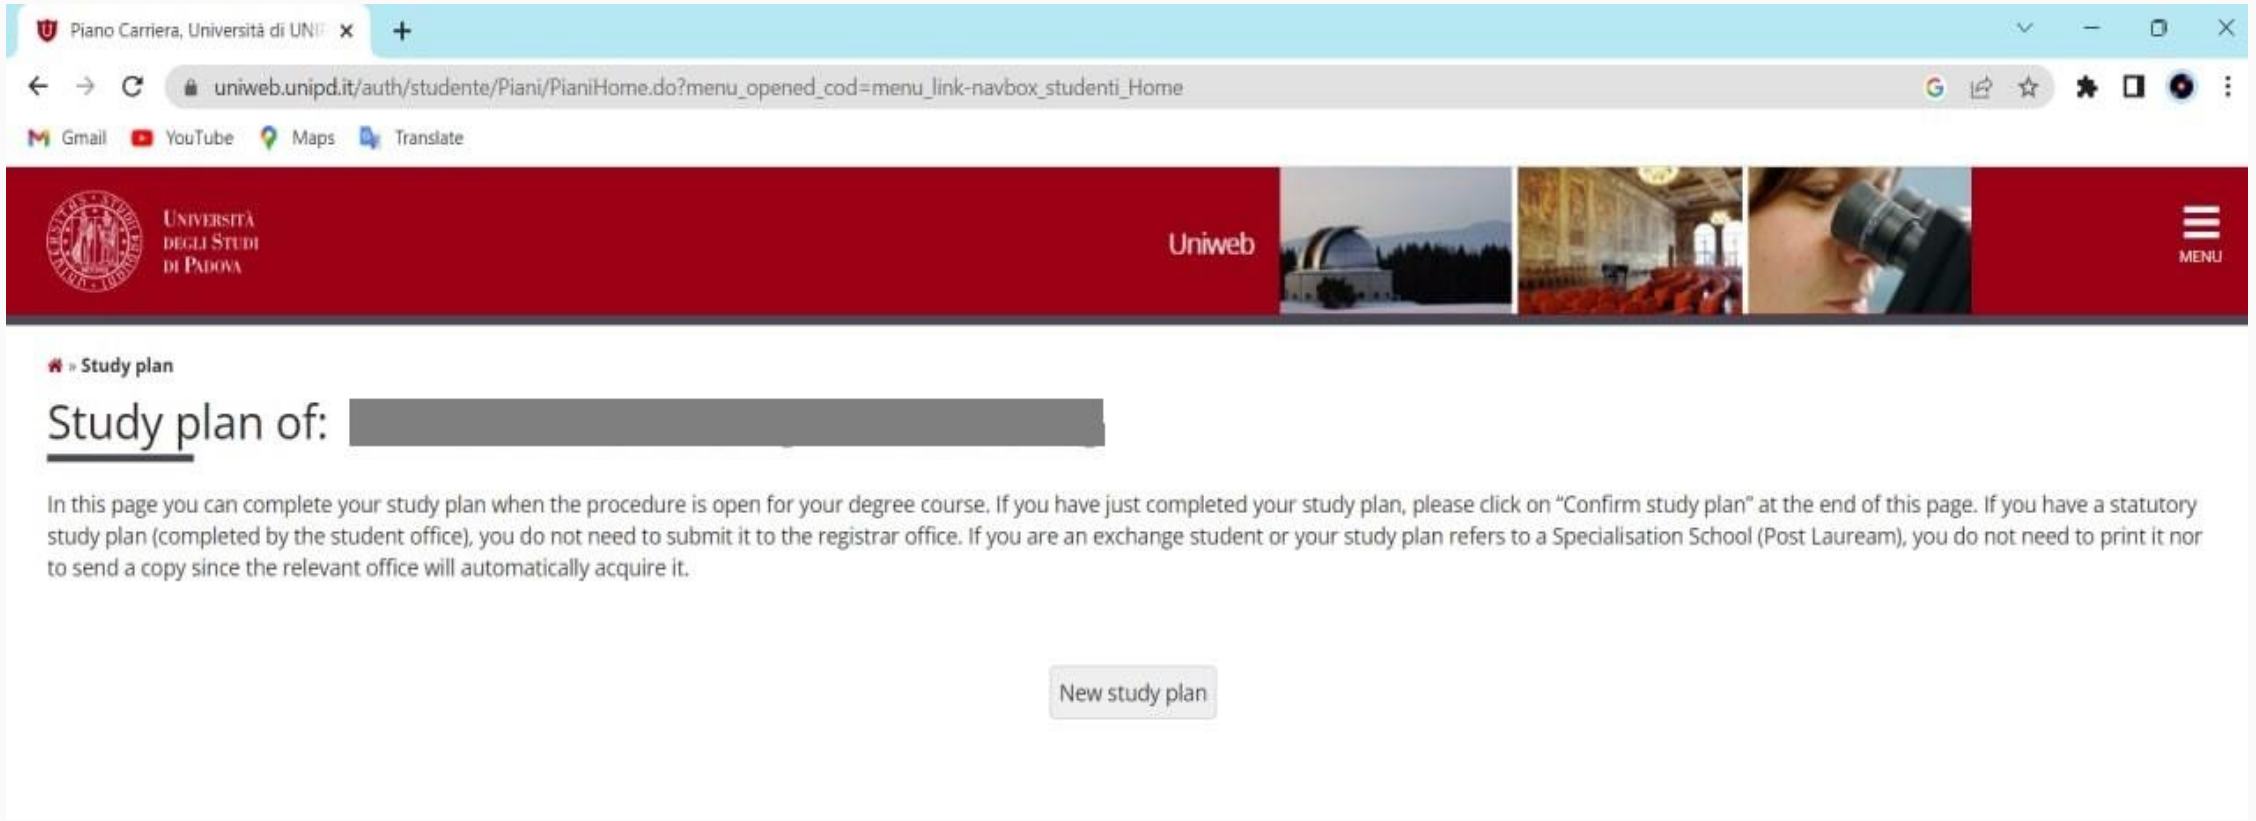

Step 2. Start the procedure

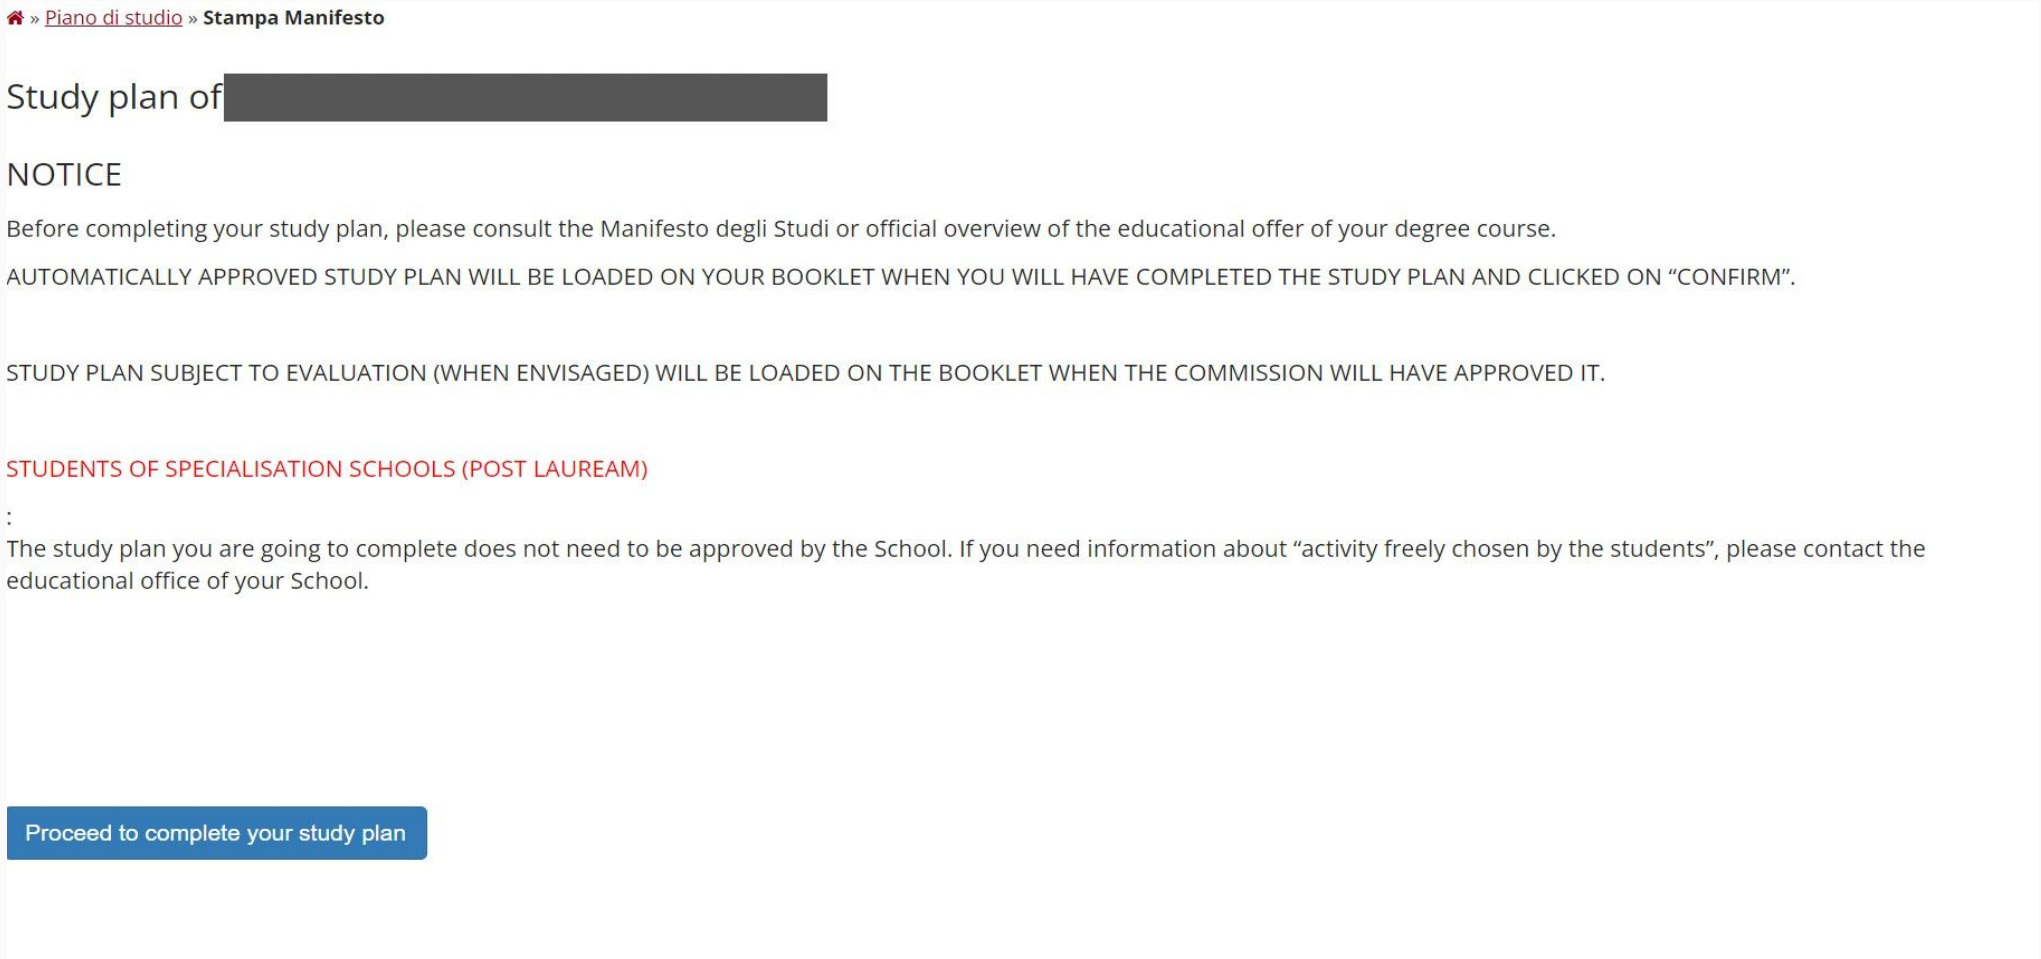

Once logged in, from **“Home”** click on **“Study Plan”**

Click on **“New Study Plan”**

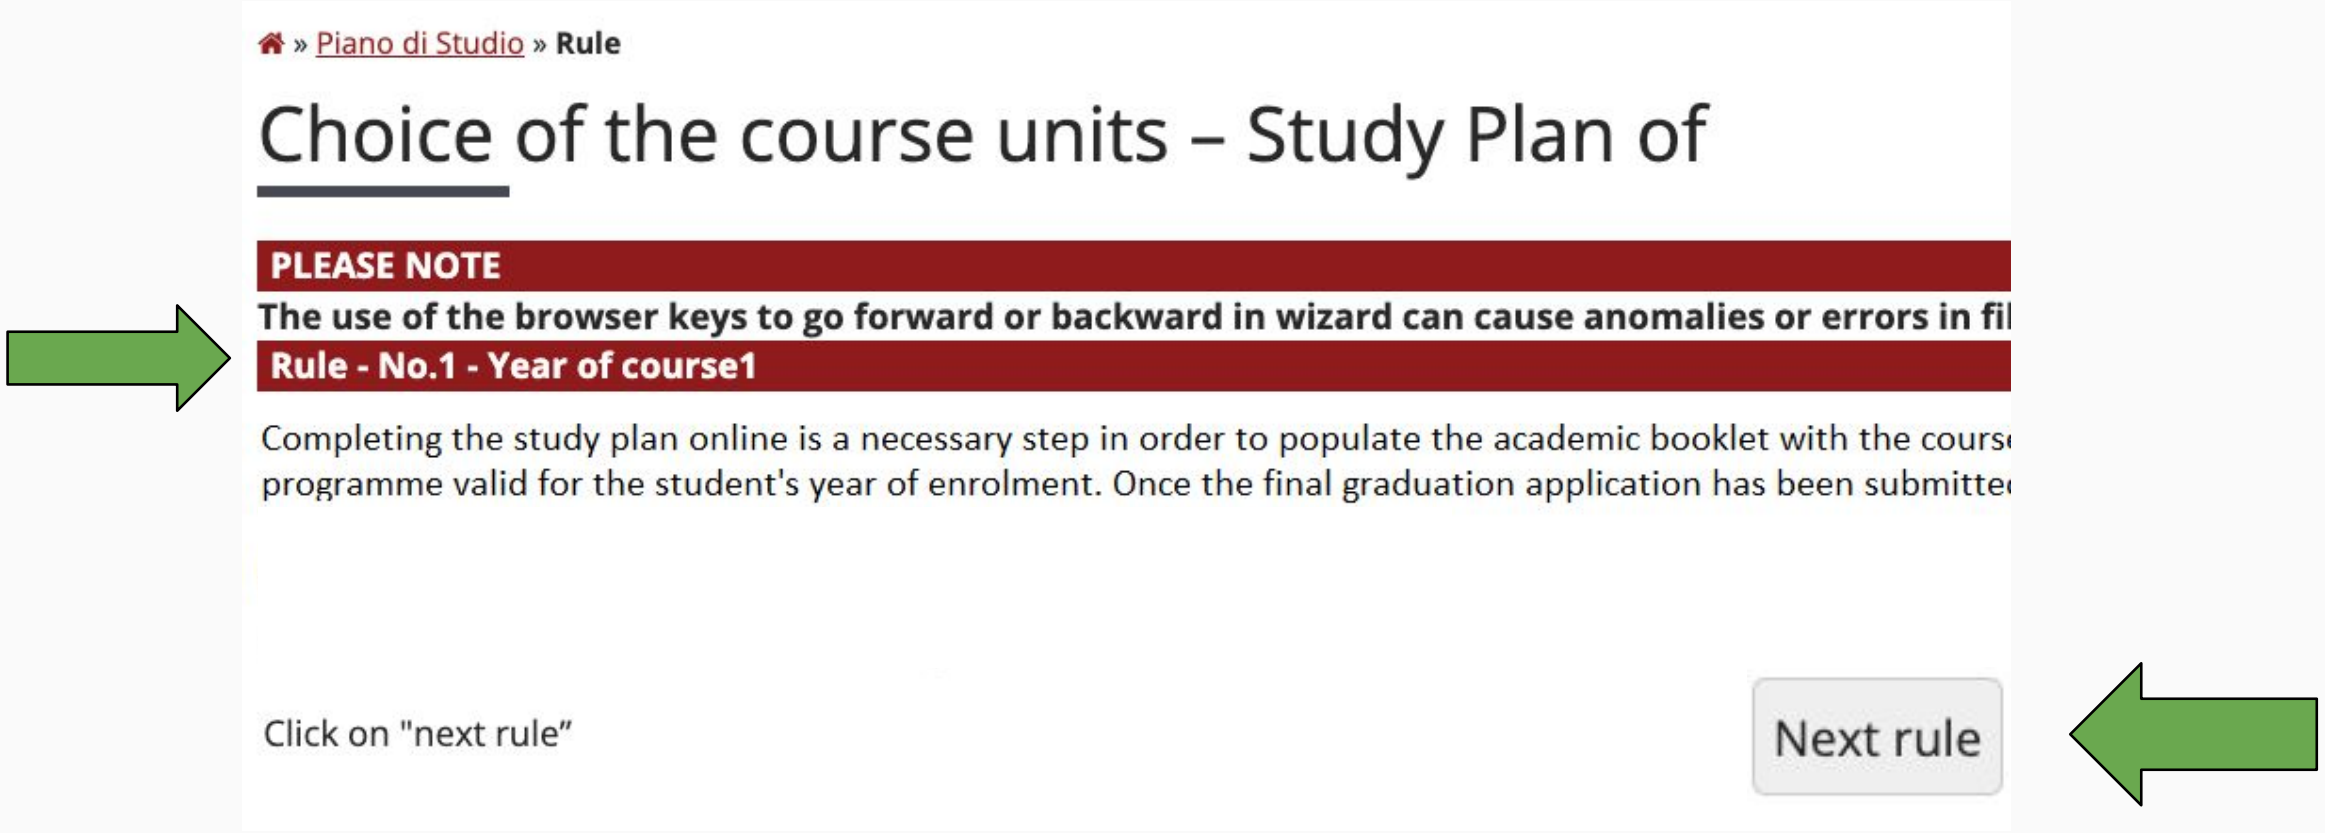

Click on **“Proceed to complete your Study Plan”**

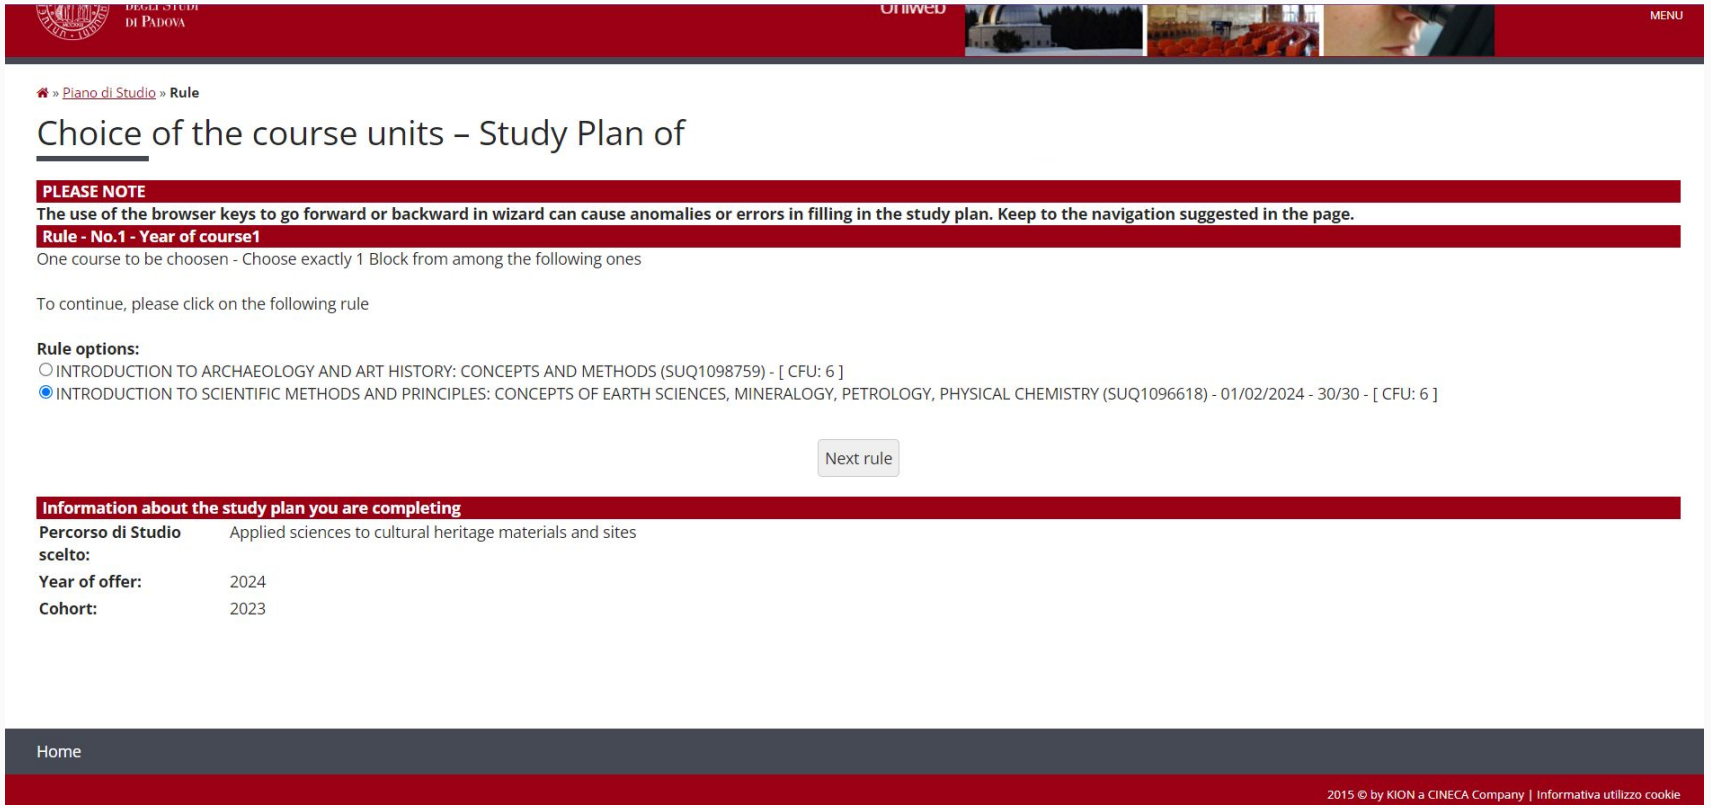

Rules

Every section of the study plan include **one or more rules** requiring you to indicate which educational activities you will choose. After making your choice click on "**NEXT RULE**".

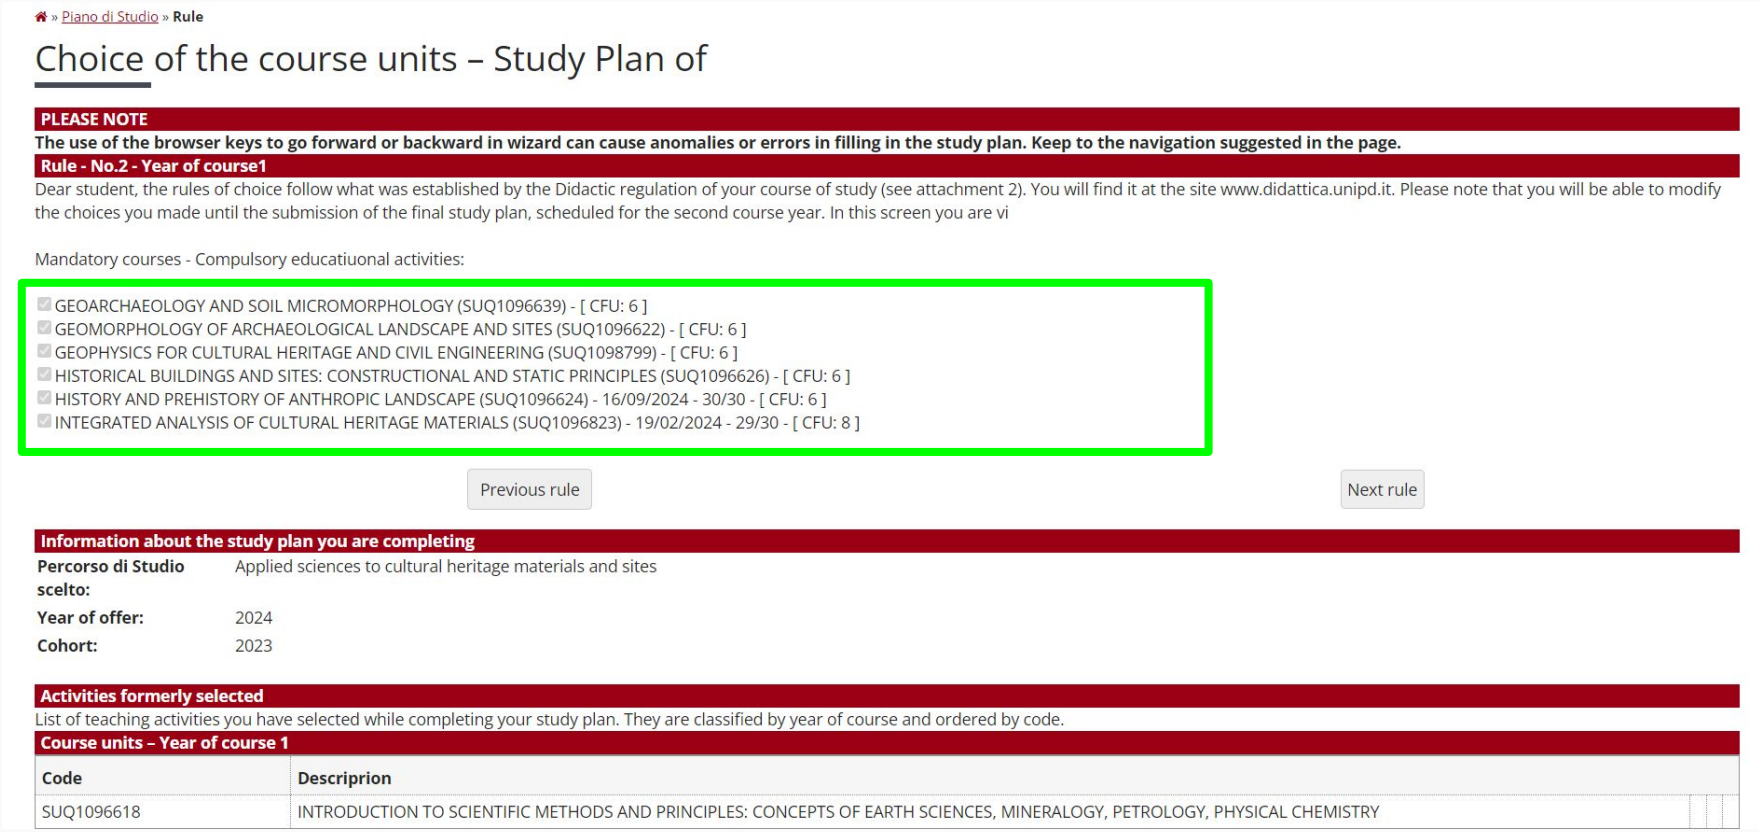

HOW TO FILL IN THE STUDY PLAN

In the first rule you must indicate which educational activities you are going to choose between ‘Introduction to Archaeology’ **OR** ‘Introduction to Scientific methods’. After making your choice click on **"NEXT RULE"**.

COMPULSORY educational activities

You will find sections where you need to confirm the **mandatory** educational activity

» Piano di Studio » **Rule**

Modify study plan

Print study plan

Step 5. Change the Study Plan

Within the time window defined by the Department Regulation it is always possible to modify an approved study plan or create a new one.

- Log in on **UNIWEB**
- Click on "**Study Plan**" > "**Modify Study Plan**". You will be asked to complete a **NEW** Study Plan.

EPP7077637	LANGUAGE OF ADVOCACY			Passed	6
EPP7077777	MICROFINANCE FOR SOCIAL CHANGE			Passed	6
SP05107814	STAGE			Passed	9
EPP3050134	CULTURE, SOCIETY AND HUMAN RIGHTS			Passed	6
EPP7077618	RUSSIAN			Passed	6

Attention: you'll have to repeat the whole procedure from the start

If you have been awarded a scholarship:

- Verify in the dedicated call for applications which are the requirements and deadlines to maintain scholarship eligibility (e.g., number of credits)
- Usually, exams must be included in the study plan (not only in the booklet!) to keep the scholarship
- Make an informed decision about which courses to include in your study plan because it will not be possible to change it until the next available time window (example: if you want to take exams in the summer session, you will have to plan it during the spring time window)

Key points

- Filling out your study plan is **mandatory**
- The study plan must be filled in and presented via **UNIWEB**
- Remember to check the **time windows** offered by your course
- A “draft” study plan is a **not** a submitted plan!
- In order to sit the exams you **must** submit the study plan

UNIVERSITÀ
DI PADOVA

Exams: Info & Tips

EXAM SESSIONS

- For each academic year, you have **3 exams sessions**:
  - Winter exam session
  - Summer exam session
  - Autumn exam session (extra exam session)

- Within each session, you can have **1 or 2 "appelli"** = exam dates for each course unit. The 2 exam dates for a specific course unit are usually about two weeks apart.

- You can take a specific exam in **any session** and on **any exam date** provided for the specific course unit within the session.

- You **do not *need*** to sit the same exam **multiple times**: multiple exam dates give you the flexibility to sit the exam when you are ready for it or to take the exam again in case you fail or are not satisfied with your first result.

EXAM SESSIONS - REGISTER FOR EXAMS

- To be able to sit exams **you must:**
  - have paid the tuition fees instalments by the prescribed deadlines;
  - have obtained your VISA and arrived in Italy (it is **not** possible to take exams online);
  - have completed your enrolment and received your enrolment certificate;
  - have correctly filled in your study plan.

- **To sit an exam, you must register in Uniweb** for the specific exam date on which you wish to take the exam.

Exam Calendar

EXAM SESSIONS - GRADE PUBLICATION

- After you have taken the exam, it will usually take some time for the professors to publish your grade in Uniweb: you will receive a **notification** at your studenti.unipd.it email address, when the grade is published.

- After the grade is published, you have **7 days to refuse the grade**. If not refused, after 7 days the grade is considered **automatically accepted** and it will be registered in your booklet in Uniweb.

- Whether you accept or refuse the grade, the **decision is final**:
  - you can not retrieve the refused grade if you get a lower grade on the next attempt;
  - you can not change your mind and ask to retake the exam if the grade has been already registered in your booklet.

- If you refuse the grade or fail an exam, the corresponding grades **will not be registered** in your booklet and they will not be considered for your weighted average at the end of your academic career.

EXAM SESSIONS - TIPS

- Recommended: sit the exams for a specific course unit in the **first exam session after you attended the course**, i. e. sit exams of the first semester in the winter exam session, the ones of the second semester during the summer session. You can use the autumn session to catch up anything you might have missed or failed.

- Important: **plan your studies realistically!**
  Depending on the number of courses you follow each semester, consider well the workload required to sit and pass them all in the first available exam dates. You can divide the number of exams by taking for example two exams during the first exam dates (first "appello") in the winter session and the remaining ones during the second exam dates (second "appello").

- **Be strategic!** Prepare thoroughly for exams and try your best to pass them on your first attempt. If you wish to refuse a grade, you can consult with your tutors and your professors: it might be complicated to prepare the exam again if you have other difficult exams in the upcoming sessions, so be mindful of when and how you could take the exam again.

TYPES OF EXAMS

Main type	Sub-type	Description	! Train to…
Written Exam	**open-questions**	write short or long answers to written questions	articulate your answer in written form in English
	multiple choice	select the correct option/complete a sentence	recognise the correct option among various
	solving problems/equations	solve written problems	solve exercises fast
	paper / written essay	prepare an essay at home and hand it in for evaluation	do bibliographical research and articulate your thoughts
Oral Exam	**interview/open questions**	answer questions orally	speak in public, repeat subjects out loud with peers
	solving problems (whiteboard)	solve problems following verbal instruction	solve exercises fast while explaining what you are doing
	PPT presentation	prepare a presentation at home and explain it to the commission	create PPT presentations and present them (public speaking); try out your presentation with peers

TYPE OF EXAMS - KEEP IN MIND!

- Exams can be in **written or oral tests**. Oral exams can be challenging, so don't underestimate the preparation needed. Check the syllabus for each course to find out about the exam modality.
- Professors decide how the exam will be conducted, **the determined type of exam cannot be changed** (eg. from oral to written). ***Exam types and grades cannot be negotiated!***
- The professor can assign **group works** during classes: these may count as a part of the final evaluation.
- You will be evaluated for your **individual performance**: **do not copy or cheat during the exam!**
- Any essay/paper you prepare at home will be checked with an **anti-plagiarism software**. Make sure the essay you hand in is your original work (do not copy sentences from others' work without properly quoting them). The same software will be used to checked your final thesis before evaluation.
- **Students with disabilities** can consult the dedicated page for examination support.

EXAM GRADES

Italian Universities use the following evaluation system:

- **18** = minimum passing grade
- **30** = highest grade
- **30** ***cum laude*** (30 e lode) may be awarded for outstanding performance.

The grade attributed by the professor is **final**. You can not ask for amendments, but you can choose to refuse the grade and take the exam again in the next session.

Graduating on time is important for your career:
refusing grades might cause you to delay your graduation!

FINAL GRADE

The Italian final (graduation) grade is expressed in one-hundred-and-tenths:

- **66 =** minimum passing grade
- **110** = highest grade

For outstanding performance, the 110 *with honours* can be attributed (110 e lode).
If the student obtains a grade below 66/110, the graduation exam is considered as failed.

The final grade is calculated as follows:

weighted average of the exams grades (= “starting point”)

+ additional points

+ “graduation” points

= final grade

Tips to succeed in your career!

- attend classes and take notes
- keep up with your coursework and review regularly
- ask questions to professors and tutors
- prepare thoroughly for your exams
- plan your exams realistically according to your workload

UNIVERSITÀ
DI PADOVA

The ASCH Study Plan

Study Plan (1st year)

1st semester

- **Introduction to scientific methods and principles**: Concepts of Earth sciences, mineralogy, petrology, physical-chemistry ***OR***
  Introduction to archaeology and art history: Concepts and methods (6 CFU)
- **Geomorphology of archaeological landscapes and sites** (6 CFU)
- **Integrated analysis of cultural heritage** (8 CFU)
- **History and prehistory of anthropic landscape** (6 CFU)
- **Dating laboratory** (4 CFU)

2nd semester

- **Geoarchaeology and soil micromorphology** (6 CFU)
- **Geophysics for cultural heritage** (6 CFU)
- Materials 1 (6 CFU)
- Materials 2 (6 CFU)
- **Field laboratory work** (3 CFU)
- Language course (3 CFU)

Study Plan (2nd year)

1st semester

- **Historical buildings and sites** (6 CFU)
- Materials 3 (6 CFU) and/or Materials 4 (6 CFU)
- Free choice course (6 CFU)

2nd semester

- Materials 3 (6 CFU) and/or Materials 4 (6 CFU)
- Free choice course (6 CFU)
- **Thesis work** (30 CFU)

Total CFU/ECTS 120
