

Contract for Participating Students

As a member of a cross-cultural virtual team (CCVT) participating in an international collaborative project, I hereby affirm that I will be a dedicated and responsible contributor to the project. Furthermore, I understand that other team members will depend on my contributions to be full and timely for them to complete their academic assignments. Therefore, with the understanding that I could be dismissed from the project and that my work may not be counted if I do not perform my part as expected, I agree to...

- 1) Meet the deadlines established by my instructor and by my CCVT partners;
- 2) Inform my CCVT partners and instructor promptly if I am experiencing problems and/or delays;
- 3) Promptly provide complete information when CCVT partners request it.
- 4) Complete the assigned task(s) as thoroughly and accurately as possible.

In any case, I'll keep my instructor informed on the TAPP progress and any circumstances that affect its development.

I understand that the TAPP project is an essential component of my course and, therefore, failure to comply with project requirements will negatively affect my final grade.
