I. Information for international short-term students

1) Understanding the module system

All study programmes at the University of Cologne are structured into “modules”. A module is a teaching unit that is made up of one to five thematically related courses/classes that must be taken together and one final module exam. The number of courses/classes varies from module to module.

Here is, for example, a module with three co-requisite courses (here: *lecture, seminar, and practical course*):

Advanced module AM 2: Medienkultur und Gesellschaft [4227MBXAM2]	12 CP
Lecture: Medien und Kultur	✓
Seminar: Mediennutzung und kulturelle Kommunikation	✓
Practical course: Medien-Kritik	✓
Module exam (written): term paper (15 pages) in the seminar	✓

- ➔ Students are required to take all courses of the module (here: lecture + seminar + practical course) and the module exam at the end of the semester (here: term paper) in order to complete the module and receive ECTS credits.

2) Reduced workload options

In many modules reduced workload options are available for short-term students. Reduced workload options are clearly defined in the module table → Mandatory parts of the module are marked with “✓”, parts that can be left out to reduce workload are marked with “-”.

- ➔ In the module provided below for example, short-term students have *two* options: they can either complete the full module for 12 ECTS (= regular track) or only take the seminar plus the exam for 7 ECTS (= reduced workload option).

Advanced module AM 2: Medienkultur und Gesellschaft [4227MBXAM2]	12 CP	7 CP
Lecture: Medien und Kultur	✓	-
Seminar: Mediennutzung und kulturelle Kommunikation	✓	✓
Practical course: Medien-Kritik	✓	-
Module exam (written): term paper (15 pages) in the seminar	✓	✓

3) Finding modules and course listings in KLIPS 2.0

All modules and current course listings for short-term students can be found here: [Link to Short-term Study Programme in KLIPS 2.0](#) (please choose desired academic year!).

- ➔ This is what a module looks like in KLIPS 2.0: **Orange cross** = code and title of the module
Green dots = compulsory elements of the module (courses + exam)

 [4227MBFAM2] AM 2: Medienkultur und Gesellschaft  		12
  [4227MBFAM2] Vorlesung Medien und Kultur  		-
  [4227MBFAM2] Seminar Mediennutzung und kulturelle Kommunikation  		-
  [4227MBFAM2] Übung Medien-Kritik  		-
  [4227MBFAM2] Modulprüfung  		-

4) Putting the timetable together

Clicking on the "+" next to a green dot will open the different course options students have in that module segment in the chosen academic year.

➔ **IMPORTANT:** When putting their timetable together, students have to make sure that they choose one course from every module segment!

1) In our example, students would have to choose one of the offered lectures in the first module segment:

[4227MBFAM2] AM 2: Medienkultur und Gesellschaft				
[4227MBFAM2] Vorlesung Medien und Kultur				
Prüfung(en) im Studienjahr 2018/19	Teil	Vortragende/r (Mitwirkende/r)	Ort (1.Termin)	Zeit (1.Termin)

5) How to write down modules in the Learning Agreement

Important: All Learning Agreements and OLA must be sent to philfak-incomings@uni-koeln.de for approval

The following table shows how short-term students should write down their selected modules and courses in their Learning Agreement:

- ➔ **Component code** = module code, e.g. "[4227MBXAM2]"
- ➔ **Component title** = module title, e.g. "AM 2: Medienkultur und Gesellschaft", followed by the courses chosen in each module segment with their nine-digit course code and title as shown below:

Component code of the module	Component title at the Receiving Institution (as indicated in the course catalogue)	Semester [winter = W or summer = S]	Number of ECTS credits to be awarded by the Receiving Institution upon successful completion
[4227MBXAM2]	AM 2: Medienkultur und Gesellschaft: Lecture: 14227.0005 Populäre Bilder Seminar: 14227.0211 Shakespeare and Film II Practical course: 14676.0043 Forschungskolleg	W	12 ECTS
[0988SIWG00]	SI Wirtschaft / Gesellschaft / Soziales / Recht E: Seminar: 15304.0051 The Institutions of the European Union	W	3 ECTS
[6130TBFA10]	AM 10: Computerlinguistik: Lecture: 16130.0137 Sprachverarbeitung Seminar: 16130.0136 Computerlinguistik II	S	6 ECTS
...	...	...	...

Erasmus+ students using the OLA platform should enter modules and courses as shown below:

An "educational component" is a self-contained and formal structured learning experience that features learning outcomes, credits and forms of assessment. Examples of educational components are: a course, module, seminar, laboratory work, practical work, preparation/research for a thesis, mobility window or free electives.

III. Course offerings in other faculties / departments

German as a Foreign Language (DaF)

Every exchange student can take part in one free German language course per semester (pre-semester course or in-semester course). Students are assigned to a course level following a placement test.

Note: For the German language courses a special registration procedure applies (no self-registration in KLIPS 2.0)!

→ Nominated short-term students of the Faculty of Humanities receive an e-mail with a link to online pre-registration in July (for the winter semester) or January (for the summer semester). Students with previous knowledge of German must take an online placement test in August (for the winter semester) or February (for the summer semester) and are then be enrolled in a suitable course by the Department for German as a Foreign Language (DaF).

Studium Integrale

UoC's Studium Integrale programme offers students the opportunity to acquire interdisciplinary skills by attending selected courses in other faculties or from the [Cologne Global Study Program](#), special competence courses for study and work, courses on gender & diversity, language courses and IT courses.

Students can take as many courses from the Studium Integrale programme as they wish and earn up to 12 ECTS credits for their Transcript of Records. The number of ECTS credits for each course is listed in KLIPS 2.0.

Please note: With the exception of some language courses, Studium Integrale courses are usually **not graded**, i.e. students will receive **ECTS credits**, but **no grade**.
