

KP INTERNATIONAL

Who can apply

If you are a student and you wish to come to KP (UCC) for an exchange programme, please make sure that your home institution is among KP's partner institutions. Only students from partner institutions can take part in an exchange programme at KP. If you don't know whether your institution is a KP partner, please check the list [KP Partners](#) or contact the international coordinator at your home institution to learn more about your exchange possibilities.

International courses taught at KP are only offered to exchange students, and KP does not offer full degrees taught in English.

When to apply

The application deadlines for exchange at KP are:

Autumn semester:

- 1st April for students who need a visa to study in Denmark ([read more about Visa here](#))
- 1st May for non-visa students

Spring semester:

- 1st October for students who need a visa to study in Denmark ([read more about Visa here](#))
- 1st November for non-visa students

How to apply

You have to be nominated by your home institution for an exchange programme at KP. When you have been nominated, you will receive a link from KP to an online application form that you must complete and submit. When your application has been processed, you will receive an e-mail from KP to inform you whether you have been accepted. If you have been accepted, you will receive further information about your upcoming exchange programme at KP (this information will either be contained in the initial acceptance email or sent to you shortly afterwards).

Students can usually expect a decision on their application 14 days after the application deadline.

What can I study - Course Catalogue

At KP we offer international courses in the following areas: Early Childhood Education, Social Education, Special Education, Teacher Education and Health Education. Below you will find a list of our international courses.
