

To incoming/international students of the

PRIMARY SCHOOL TEACHER EDUCATION COURSE DEGREE - 2020/21

Dear student,

some of the course units within this Course Degree are composed by both lectures and practical laboratories (see details in the Section “Course Unit Organization/Organizzazione dell’insegnamento” on the course catalogue):

Organizzazione dell'insegnamento			
Periodo di erogazione	Primo semestre		
Anno di corso	II Anno		
Modalità di erogazione	frontale		
Modalità di svolgimento nel primo semestre 2020/21	Didattica esclusivamente online: l'insegnamento è erogato interamente ed esclusivamente on line.		
Tipo ore	Crediti	Ore di didattica assistita	Ore Studio Individuale
LABORATORIO	1.0	16	9.0
LEZIONE	8.0	60	140.0

The laboratory (laboratorio) is always compulsory, so the student has to attend it. Otherwise he/she could not get this activity registered in the final Transcript of Records (ToR). If the student will attend only lectures (and pass the exam) we could provide only a declaration.

For example, the course “*Ricerca educativa, innovazione scolastica e pratiche cooperative*” (4th year, first semester) has 9 ECTS: 8 ECTS (lecture) and 1 ECTS (laboratory). If the student won't attend the laboratory but he/she pass the exam, the course won't be registered in the final Transcript of Records (ToR) and he/she will receive only a declaration for 8 ECTS.

Students are also asked to duly attend lectures, even if they will be online.

The timetable for the Academic Year 2020-21 is the following. **Please, pay attention.**
