The Human Species: a Mutant Concept

8-12 Febbraio 2021

8 febbraio

16.00-18.00

From Anthropocene to the pandemic:
rethinking the Human species as a
subject-object of politics (how the
“species-barrier” was “crossed”)

9 febbraio

16.00-18.00

Sketching a genealogy of the concept
of “species” applied to/deriving from
the Human “case”

10 febbraio

16.00-18.00

The “modern” dilemma (normativism vs
naturalism) (or Kant vs Darwin)
and its limits

11 febbraio

16.00-18.00

The Marxian idea of “Species Being”
(*Gattungswesen*) and its possible
reformulation

12 febbraio

16.00-18.00

A Divided Species reflecting on its own
Unification (or the reverse: a
United Species reflecting on its own
Divisions).
