Academic Papers

Stories from the Field

The purpose is to create a different knowledge-sharing network, which is inclusive and participative for students. This section gives them the opportunity to publish their academic work.

A spot where to write about practical experiences gained through internships, jobs and volunteering. This blog section offers students a creative environment to share their experiences with their peers.

WHY WRITE WITH SET?

- An experience to include in your background
- A research opportunity in fields of interest/competence
- A chance for confrontation and softs skills development
- An opportunity to showcase your competencies
- A contribution to collective knowledge on important issues
