Responsibilities	<ul style="list-style-type: none"> <li>• Coordination and management of the inter-institutional study exchange agreements and the Turing Scheme</li> <li>• Linkage to Faculties and Professors within the University</li> <li>• Nomination of study exchange students to partner universities / receiving initial applications of incoming students</li> </ul>

FACULTY/DEPARTMENTAL COORDINATORS	
Names	Please see institutional agreements
Responsibilities	<ul style="list-style-type: none"> <li>• Enquiries regarding the terms and conditions of institutional agreements</li> <li>• Selection of outgoing students and assessment of the applications of incoming students</li> <li>• Allocation to Colleges and supervision of students</li> <li>• Academic issues (academic programme, learning agreements, transcripts)</li> </ul>

NOMINATION AND APPLICATION PROCEDURE	
Nomination	Please nominate your students coming to Oxford as soon as possible and <b>by 1 April 2023</b> using the online <a href="#">form</a> .
Application	<ul style="list-style-type: none"> <li>• The deadline for applications is <b>1 May 2023</b></li> <li>• We will contact all nominated students with further instructions on how to submit their online application including the following supporting documentation:               <ul style="list-style-type: none"> <li>✓ Personal statement explaining why they wish to undertake exchange study at the University of Oxford, and how this exchange will link with their studies at their home institution, as well as what they hope to achieve by studying at Oxford</li> <li>✓ One letter of reference written in English</li> <li>✓ Transcript or other detailed record of university courses up to the present date</li> <li>✓ Copy of English language test certificate</li> </ul> </li> </ul>
English Language Requirements	<p><b>For admission requirements:</b> Please note that students will have to meet the general entry requirements of the University of Oxford regarding their English language proficiency (we require evidence of a test, or other exemption that we accept for admission purposes, as specified on the Admissions pages – please see the links below). <a href="#">Undergraduates</a> <a href="#">Graduates</a></p> <p><b>For visa requirements:</b> If students' period of study is longer than 6 months and they need a CAS number for a student visa application; then if they have met the admission requirements above, this will be enough for a student visa application and they will not need to show any further evidence with their visa application.</p> <p>If their period of study is 6 months or less, and they are using the visitor route/permission to come to the UK, there is no language requirement for that visa route. Note that this period is based on the total course length in the UK.</p>
Visa Requirements and Health Surcharge/Insurance	<p><b>For students coming to study at Oxford for 6 months or longer</b> If students have pre-settled or settled status granted under the EU Settlement Scheme or indefinite leave to remain, they will not need a visa. Otherwise, most other non-UK nationals will need a student visa, except Irish citizens who do not require a visa because of the common travel area.</p> <p>Students will need to apply for a Student visa (under the Student Route) before arriving in the UK for their exchange study. Please visit this <a href="#">page</a> for more information about the Student visa and how to apply for it.</p> <p>Students coming to the UK for more than 6 months will be required to pay the Immigration Health Surcharge (IHS) as part of their Student visa application. The IHS must be paid even if students have their own private medical insurance and do not intend to use the NHS. Paying the IHS means that students will have access to the UK's National Health Service on the same basis as other UK residents. Please see this <a href="#">page</a> for further information.</p>

	<p><b>For students coming to study at Oxford for 6 months or less</b></p> <p>If students are coming to study for 6 months or less they will need to either apply for a visitor visa (if on this <a href="#">list of countries</a>) or be admitted as a visitor on arrival if not on that list of countries. All students will need a visitor for study letter, even if they can be admitted on arrival based on their nationality. The visitor permission cannot be extended and they cannot switch onto a student visa within the UK so it is only appropriate for study of 6 months or less. The visitor permission does not allow any part-time employment and does not provide any healthcare cover so students would need to obtain medical insurance.</p>
