6th LEARNER CORPUS RESEARCH CONFERENCE

Padua, 22-24 September 2022

sitting at home and learning to lecture teaching
t language they are learning is spoken. That is
are five or six are learning English, by the hel
everything they are learning, on the screen of c
television. We are learning many things from th
her example; we are learning English but most of
d also, females are learning, they are being tau
o spend his time by learning how the Britain or
lso very important, learning about English costu
migrant children in learning Swedish. The native
ten a limitation in learning about other culture
far the best way of learning English and, which
scending process of learning other languages. I
t deal of patience. Learning French is hard work
ryday life. Still, learning the language of the
t is seen that this learning process will contin
having a good time, learning by memorizing right

The international conference for Learner Corpus Research is organised under the aegis of the Learner Corpus Association and brings together researchers, language instructors and software developers with a common interest in the use of learner corpora for research on second language acquisition, language pedagogy and language assessment.

Plenary speakers: Silvia Bernardini (Università di Bologna, Italy)

Anke Lüdeling (Humboldt-Universität zu Berlin, Germany)

Hilary Nesi (Coventry University, England)

The conference will take place at Complesso Beato Pellegrino: **Aula 1, Aula 3, Aula 4, Aula 5**
